

PROSPECTS FOR DUBOIS RESOLUTION

They Are by No Manner of Means
As Bright as Idaho Man
Would Like.

STRONG MEN ARE OPPOSED TO IT

Among Them Are Chairman Daniels
Of the Platform Committee and
John Sharp Williams.

(Special to the "News.")

St. Louis, Mo., July 7.—The sub-committee on platform met last evening and were in session until a late hour. They resumed their labors this morning, but have not yet reported to the committee, and it is doubtful if their work will be completed today.

Senator Dubois is a member of the sub-committee and has presented the resolution referred to yesterday, but it is practically certain that it will not be accepted.

The chairman of the committee, Senator Daniels, as well as John Sharp Williams, is very much opposed to the resolution offered, and it is confidently expected to meet defeat.

Turner's chances are still improving. The convention will probably last until Saturday.

The great fight over the platform will come tomorrow. It will be a battle royal.

Bryan is still idolized by the people and the delegates all honor him, but it is questionable if he is at this time will follow his lead. Hill is still in the saddle and has a strong following in Bailey and Daniels.

THE COMMITTEE ON RESOLUTIONS AT WORK.

Convention Hall, St. Louis, July 7.—The sub-committee on resolutions continued its work on the platform today but was slow in getting to business. Mr. Bryan and one or two others were absent but the committee decided to proceed in their absence with the consideration of the questions in which they are not especially concerned.

Accordingly an irrigation plank, presented by Mr. Newlands, was taken up and after its merits were presented by the Nevada senator it was tentatively adopted. The consideration of the proposed statehood declaration was then entered upon and the question discussed at length. A plank for separate statehood for each of the territories was inserted.

During the forenoon ex-Senator Towne was admitted to the committee room to present a petition, signed by 10,000 persons, requesting the location of a plank declaring for the independence of the Philippines when prepared for self-government. The committee agreed upon a plank declaring for the election of senators by direct vote of the people.

The prospect is that the sub-committee will not be prepared to make a complete report when the full committee meets at 2 o'clock.

S. H. Cowan of Fort Worth, Texas, was admitted to the committee following proposed plank in the interest of cattle shippers:

"We favor such amendments of the act to regulate commerce as will afford to the public and to shippers a speedy, adequate and efficient remedy against unreasonable or otherwise unlawful transportation charges."

Mr. Cowan addressed the committee for five minutes in support of the proposition, saying among other things: "The railroad interests have combined to such an extent in making rates and otherwise that little or no competition exists, and this has made it impossible for them to increase rates from time to time so that they are generally higher than at any time in many years past."

James Fullerton of Red Lodge, Mont., presented a plea for a plank in denunciation of the present for permitting the sale of liquor in the Yellowstone National park contrary to law. He claimed to have affidavits and photographs in substantiation of his charge. The committee at noon entered upon the consideration of the question of trusts and monopolies, and Mr. Bryan made a strenuous plea for the reaffirmation of the Kansas City platform on this point.

PARKER MEN CONFIDENT AND WORKING QUIETLY.

St. Louis, Mo., July 7.—At the Parker headquarters lieutenants of David B. Hill worked quietly this morning, and with confidence that bespoke a knowledge of sure victory, Senator Hill reiterated his statement that he was making no attempt to nominate Judge Parker on the first ballot. It was sufficient to know that he could be easily nominated without creating friction by shutting out favorite sons. All the candidates should be presented to the convention and voted for on the first ballot, he argued, and that will probably be the course pursued.

The fact that New Jersey this morning finally voted to cast its vote for Parker, however, made it apparent that Mr. Hill's program may be successful, for that course left the opposition with apparently less than a third of the convention on the first ballot.

At Tammany's headquarters Mr. Murphy said that he still believed Mr. Parker could not be nominated. It was said that the opposition had agreed to concentrate on McCrellan. Mr. Murphy said:

"I cannot say as to that, but I am in the same frame of mind as yesterday and the days previous, as to the candidacy of Judge Parker."

It was said that the lobbies that a concentration on McCrellan was being suggested, but that only Missouri and Wisconsin had shown any signs of assailing.

When the alleged concentration was told to Senator Edward Murphy, Jr., at New York headquarters he said: "In the face of the fact that the Massachusetts delegation passed a resolution early today to stand on every ballot for Olney it is evident that such talk is ridiculous. In addition, Mr. Hearst's delegates are pledged and will not desert him in any large number while the Gray men in Delaware and the Wall men in Wisconsin will not desert their candidates. Judge Parker will surely be nominated."

When Convention Adjourns.
Convention Hall, St. Louis, July 7.—When the convention adjourns today it will be until 10 o'clock tomorrow, when the committee on platform will be ready to report.

Parker Banner Raised.
Convention Hall, St. Louis, July 7, 2:27 p. m.—The Parker banner has been

This is a better country to
live-in, because Schilling's Best
is in it.

Your grocer's moneyback.

carried to the platform. South Carolina's banner has been carried up to join the banner of Georgia. Arkansas has gone up.

Demonstration now on for 11 minutes and shows little sign of diminution. Significance of demonstration seems lost, as the whole convention is now in an uproar. Georgia's banner now going up main aisle surrounded by frantic cheering crowd.

Demonstration for Bryan.

St. Louis, July 7.—When Bryan entered the hall at 2:16 a demonstration was commenced that lasted 10 minutes. The demonstration was provoked by the raising of the banner by Nebraska. The standards of Missouri, Iowa, North Dakota and Kentucky were carried to Nebraska's aid amid a tremendous din.

PROVO POSTOFFICE.

Has Been Allowed Additional Carrier
From August 1.

(Special to the "News.")

Washington, D. C., July 7.—The postmaster at Provo City, Utah, has been allowed one additional carrier, to begin service Aug. 1.

Edward Calder has been appointed postmaster at Garden City, Rich county, Utah, vice George E. Pope, resigned.

GOOD WHEAT.

Dry Farmer Exhibits Samples Raised
Without Irrigation This Year.

John Hirst of the Fifteenth ward came in from his dry farm, situated above the Utah & Salt Lake canal, this morning, with some excellent samples of wheat grown on 15 acres of land not under water. The straw exhibited was over 2½ feet in length, while the ears were fully developed like any grain that has been under irrigation. Mr. Hirst says that he expects to reap about 20 bushels an acre from the field, which is absolutely free from any appearance of smut. Taken all in all he says that this season promises to be the best for five years past for the dry farmers.

CLASS FROM UTAH.

Deaf and Dumb Students May Be Sent
To the World's Fair.

State Supt. of Schools Nelson is endeavoring to make arrangements to send a class of pupils from the deaf and dumb school to the world's fair. The officials of the fair are very anxious to have a class sent from Utah, as other states have done likewise. A conference will be held with Governor Wells in regard to the matter, and some way will probably be provided for sending the class there.

IN FROM TWIN FALLS.

Mr. Masqueray, Noted Architect, and
Eastern Capitalist, in from Idaho.

The man who designed more than half of the exquisite structures at the St. Louis exposition is in Salt Lake today. He is Emmanuel L. Masqueray, chief of designs for the world's fair. His business in this part of the country is with the Western Exploration company, which has the great Twin Falls irrigation project in tow. Mr. Masqueray is preparing plans for a hotel at Twin Falls City and will eventually lay out a town on the site of the big scheme. With C. B. Hurt of Boise, F. H. Buhl and P. L. Kimberley of Sharon, Pa., he visited the region recently and secured measurements for the several buildings in prospect.

The party returned to Salt Lake this morning and have been in conference most of the day on routine matters.

Mr. Masqueray speaks of the enormous amount of work accomplished at Twin Falls, 30 miles of canal having been completed, and declares that the natural advantages of the vicinity is the greatest he has ever seen for colonization purposes. The hotel he is to build will contain 50 rooms, with provision for expansion in the near future. There will be a central court, which will do away with the painful experience of breathing the desert dust.

Mr. Masqueray, as said, designed most of the buildings at the fair and his home is now in St. Louis. Among others, the Canadian, the Louisiana Purchase monument, the Transportation, Agriculture, Horticulture, Fisheries and Forestry buildings are his. He designed most of the decorative features, laid out the grounds and planned several of the state buildings.

BADLY BURNED.

Woodruff Beebe Has a Painful Experience
With Fire Crackers.

Woodruff Beebe, son of O. C. Beebe, was badly scarred in an accident of last Tuesday. With some young companions he secured a large firecracker that had lost its fuse and putting the powder in a heap, set it off. Young Woodruff failed to get out of the way in time and his face was terribly burned. It was feared at first that his eyesight had been affected, but Dr. Stewart, who happened to be in the vicinity at the time, gave him prompt treatment and it is hoped saved the optic nerves.

Mrs. Beebe is a sister of the late Apostle A. O. Wood.

AFTERNOON STOCK SALES.

The sales of the afternoon on "change" consisted of 200 Carisa at 6; 25 Daily-Judge at 4.30; seller 5; 500 Butler-Liberal at 11.

TETRO DIVIDEND DECLARED.

The directors of the Tetro Mining company held a meeting today and posted a dividend of 1 cent a share, aggregating \$3,000. Payable Aug. 1. The books of the company close July 25.

Rouse, the torpid liver, and emphysema, sick headache, jaundice, nausea, indigestion, etc. They are valuable to prevent a cold or break up fever. Mild, gentle, certain, they are worth your confidence. Purely vegetable, they can be taken by children or delicate women. Price, 25c. at all medicine dealers or by mail, C. L. Hoop & Co., Lowell, Mass.

When Convention Adjourns.
Convention Hall, St. Louis, July 7.—When the convention adjourns today it will be until 10 o'clock tomorrow, when the committee on platform will be ready to report.

Parker Banner Raised.
Convention Hall, St. Louis, July 7, 2:27 p. m.—The Parker banner has been

KANSAS THREATENED WITH BIG FLOODS.

Half of Armourdale is Under Water
From Overflow of the
Kaw River.

FAMILIES IN LOWLANDS MOVE.

Wichita Worse Flooded Than Ever
Before in Its History—People
Forced to Vacate Homes.

Kansas City, July 7.—One half of Armourdale, the packing house town in the suburbs of the Kansas side, is under water, from the overflow of the Kaw river. The water is still rising at a rapid rate and conditions approaching the great flood of 1903 are feared. The lowlands of Armourdale and Rosedale, other suburbs, also are flooded, and hundreds of laboring people have left their homes.

West of Kansas City along the Kaw that stream is bankful and doing great damage at North Topeka. Lawrence and at other points, and its tributaries are rising. There has been almost incessant rain in this part of the south-west for five days and for a month past heavy rain has fallen intermittently. All last night a steady down-pour of rain fell here and in many parts of Kansas, and today it continued.

The first rise in the Kaw came at Armourdale at midnight, when water began running through a large dyke built across a new channel made by the flood last year. Families in the lowlands began to move and when later breaks appeared at three other places there was a general evacuation toward higher ground. Morning found the water still on the rise and gradually spreading over the town until one-half of the place was under from one to five feet of water. Today the water had reached the live stock exchange and drove the occupants from the basement floor.

Forecaster O'Connor, however, while predicting that the Kaw would continue to rise for another 24 hours, said the heavy rain would be a repetition of last year's disastrous flood. He is confident that the Missouri river will be able to carry off the excess water without any great damage resulting.

Railway traffic west of here is badly demoralized.

WICHITA'S WORST FLOOD.

Wichita, Kan., July 7.—Wichita is flooded today worse than ever before in its history. The dikes at several places along the Little river gave way before the rush of water, and it poured down West avenue, one of the principal streets, in a raging torrent, becoming waste deep. On Main street the Baltimore hotel was flooded and the water is flowing swiftly within two blocks of Douglas avenue. The main business street, people living within seven blocks of the Little river have been forced to vacate their homes.

THE KAW IS RISING.

Topeka, Kan., July 7.—At the Kaw river gauge today the water is above the 22-foot mark and rising slowly. In North Topeka the water is running through the streets and the main business street, people living within seven blocks of the Little river have been forced to vacate their homes.

The poorer classes, driving their livestock before them, carried what of their goods they could upon their shoulders. The rich, however, are working in the night getting their stock to safe quarters. Boats are being used.

In Topeka proper the water is three blocks up town from the river channel. Trains on the Union Pacific, Santa Fe and Rock Island are abandoned east and west of Topeka.

The house of Cass Woods, a park policeman in Riverside park, was washed away and Mrs. Woods and her two children were rescued. Hundreds of negroes were engaged busily all day today removing household goods from the suburbs of Kansas City, Kan., along the Kaw, while in the west bottoms near the Missouri-Kansas line thousands of acres of goods were either removed from the district or placed upon upper floors. Over 3,000 people fled from Armourdale, many of whom were forced to leave their belongings. Communication between Armourdale and Lawrence is shut off except by boat, and only a few boats are being used because of the swift current. Water in the packing houses caused an almost total suspension of business. Plants and packers stopped buying stock.

IN CONVENTION HALL.

Continued from page one.

bishop John J. Glennon, of St. Louis, who delivered the invocation. The prayer was brief and as the prelate resumed his seat a murmur of approval ran through the assembly, which in a few seconds deepened into a round of applause.

Immediately after the invocation, Chairman Williams called for the report on rules and order of business.

The gentleman from New York is recognized.

As he concluded Delegate Thomas Grady reported for the committee as heretofore published. The report was adopted without opposition or discussion.

Mr. Grady next read the report concerning Porto Rico and the Philippine Islands, accrediting the delegates from Porto Rico. Demands to have the report read were refused from the Minnesota and Wisconsin delegations. Chairman Williams sharply reprimanded the persistence of the demand, saying the report would be read if the delegates would allow it by keeping quiet.

PHILIPPINE DELEGATES.
The chairman said: "This is a most important matter. We are about to determine whether the Philippine delegates shall be entitled to vote in our national convention, or whether at the same time we declare the Philippines should not be a part of the United States. Therefore urge you to be quiet, that the motion may have full consideration."

Senator Jerry South, of Arkansas, moved to amend the report as soon as it was read, so as to make it include the Irving Handy made the point of order that the Philippines were not part of the United States, and therefore the amendment was not germane. Mr. South defended the rights of the Philippine delegates but finally withdrew his amendment, arguing for the adoption of the report.

Mr. Grady said the national committee had decided to include Porto Rico in the call for the convention. The question was as to whether these delegates had the right to vote. The supreme court of the United States decided that Porto Rico was a part of the territory of the United States. The same court has decided that the Philippines was not a part of the United States. The committee had followed this court and given Porto Rico votes and withheld votes from the Philippines.

WHAT IS "CREAM PHOSPHATE"?

It is the very purest and best quality phosphate. A special brand, especially manufactured for Hewlett Bros. Co., by the largest and most thoroughly equipped phosphate works in the world.

This pure phosphate is scientifically and accurately combined with the purest Cream Tartar, Bi-Carbonate of Soda and the finest Corn Starch (the latter article to prevent chemical action until the proper time) and when so combined they produce the purest, strongest and most healthful Baking Powder known—the Three Crown Brand—the "Best of the good ones."

Three Crown Baking Powder does its work perfectly, and leaves behind no disagreeable effects. Where health, quality, and economy are considered, the Three Crown Brand of Baking Powder is invariably used.

"The question," said the chairman, "is upon the adoption of the report." Senator South interrupted at this point with an expressed desire to speak to the question and accordingly took the platform. He declared that it had never been a part of Democratic doctrine to consider the insular possessions as part of the United States, and he was opposed to such action. He deprecated the idea of holding the question in abeyance until the report of the credentials committee was received, and ask the convention to vote down that part of the committee's report.

CALLS FOR QUESTION.

There were loud calls of "question," but the chairman again recognized L. Irving Handy of Delaware, who spoke in favor of the report and urged its adoption. His expressed hope that the day would come when the Philippines could select their own president and there would be no national convention called forth cheers. There were renewed cries of "question."

"If the gentlemen will remain quiet," said the chairman, "the chair can put it quickly."

On a viva voce vote the "ayes" were in a strong majority. Senator South asked for a roll call, but this was heavily voted down by a viva voce vote. "The roll call is declined," said the chairman with a thump of the gavel.

The roll call was declined. The chairman then recognized the gentleman from Porto Rico to express his thanks to the convention, called the chairman as A. W. Molina of that delegation rose in his seat.

There were numerous interruptions and calls for recognition but the chairman silenced them and Mr. Molina took the platform. Mr. Molina spoke briefly and received a ripple of applause as he concluded.

CRIES OF LOUDER.

Chairman Williams endeavored to state that the clerk would make an announcement, but was interrupted by cries of "louder."

"In the day when the Angel Gabriel shall stand on the highest mount of a megaphone shall announce the crash of creation, there will be somebody to interrupt him by crying 'louder.'"

The chairman then announced that the permanent organization committee was not ready to make a report, and decided a conference of the committee. Because of the repeated accusations of the hall, Chairman Williams requested the chairman of the New York and Illinois delegations to repeat all announcements.

CREATED GREAT LAUGHTER.

Mr. Williams created great laughter when he said: "So dreadful are the acoustic properties of this remarkable meeting place that my friend Ollie James of Kentucky, when he was called to the bull of Basham and in whose defense that bull retired from business, confided to me that even he could not be heard in this place."

"The next thing in the order of business," said the chairman, "is the report of the committee on credentials. Will the chairman of the delegations pass that along?"

"I suggest," said John Cadwalader of Pennsylvania, "that the megaphone be adopted."

"Well, will you get the megaphone?" retorted the chairman.

The clerk made a second announcement of the call for the credentials report.

That committee at once announced that it would not be able to report until 4 o'clock.

The chair then recognized William F. Sheehan of New York, who moved that a recess be taken until 2 o'clock.

The convention was instantly in an uproar of confusion as the delegates and visitors rose to leave.

The motion to take a recess was greeted by a viva voce vote, and the morning session came to a close at 11:04 a. m.

SUNDAY SCHOOL SALT AIR OUTING.

Arrangements for Big Time at
That Place One Week
From Today.

TO BE SEVERAL SPECIAL TRAINS

Time for Departure and Arrival of
Trains and the Prices From
Different Points.

The details of the Sunday school excursion, under the direction of the general board of Desert Sunday School Union, to Saltair on July 14, are being rapidly completed. The people of Morgan and Summit stakes had contemplated running a joint stake excursion before the date named, but have now decided to unite with the Sunday school excursion on the 14th and thus have a thoroughly enjoyable time without duplicating the large excursion. In most cases special trains will be run, but where the distance is too great to afford comfort in this running specials, tickets will be sold at the reduced rates good going to Salt Lake City on the day before the excursion, that is, good on July 13, and good returning until the 15th. In this way many will be able to avail themselves of the privilege of visiting friends and relatives in Salt Lake City the night before and after the excursion at railroad rates unacceptably low. The time tables and rates for specials will be as follows:

SAN PEDRO RAILROAD.

Leave.	Rate.
Utah	\$1.00
Nephi	2.00
Mesa	2.50
Starr	2.50
Santaquin	2.50
Pleasant Grove	1.00
American Fork	1.00
Lehi	1.00
Lehi Junction	1.00
Draper80
Sandy80
Eureka80
Mammoth80
Silver City80
St. John80
Stockton80
Burch80
Tooele80
Idaho80
Half Way80
Ritter80

Children one-half of above fare. Special trains returning to Nephi and intermediate points leave Salt Lake at 6:00 and 8:00 a. m. Special train for Tooele, Council and Eureka leaves Salt Lake at 9 p. m. Tickets sold at Utah will be good for return until July 15, 1904.

OREGON SHORT LINE SPECIALS.

From Park City, Utah and intermediate points:

Train.	From.	Adults.	Children.
LV. 5:30 a. m.	Park City	\$1.75	.50
7:35 a. m.	Warship	.50	.25
8:00 a. m.	Warship	.50	.25
